

CUSTOM MADE HIGH-PROFILE KEYBOARD

KBS01 Series

■ Features

1. A soft, linear feeling is obtained through use of rubber chips (J-F0430).
2. Single keys can be replaced at a single touch, making free layout rearrangement possible.

■ Basic Structure

■ Specifications

Operating Force	90±30gf (0.883±0.294N)
Key Stroke	3mm
Maximum Rating	2mA 12V DC
Contact Resistance	500Ω max.
Operating Life	1 x 10 ⁷ cycles

KBS01 Series
