

The Fujitsu Peerless Keyboard brings the added convenience of 3 new keys to the highly evolved design of this family of keyboards. These new keys, Left Windows, Right Windows, and Application Menu, will provide the user with enhanced access to Windows® 95 system and application functions. The Peerless keyboard is particularly well-suited to high end system applications and

demanding users. Featuring a true curved keyswitch panel with steel support, click-type, full-travel keyswitch action and unequalled crisp tactile feedback in a traditional full-size layout, the Peerless keyboard is defined by quality and reliability. Manufactured to ISO 9002 standards, it meets FCC, UL, CE, and CSA requirements. AT to PS/2 adapter included.

Features:

- 3 additional keys
- Curved steel keyswitch panel
- Full-travel keyswitch action
- Crisp tactile feedback
- Full-size layout
- Traditional footprint design
- PS/2 adapter included
- Novell Netware YES approved
- SCO approved

note: actual package may vary.

Peerless
