

Wireless Keyboard & Mouse Combo *FKB8775 Series*

The Wireless Keyboard and Mouse communicate with your PC via the dual receiver unit. Using the latest Fujitsu infrared technology, you can place the receiver in a convenient location, such as the top or side of your monitor. Then you will have freedom to move around your desktop without constraining wires. Our proprietary high speed infrared interface design allows wide operating angles

between the keyboard or mouse and the receiver. This feature allows you to operate the keyboard and mouse more easily. Available in cool gray color. Manufactured to ISO 9002 standards, it meets FCC, UL, CE and CSA requirements.

Features:

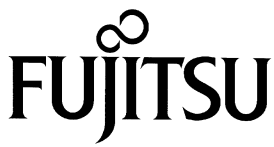

- ***No cables on your desktop***
- ***Reliable wide-angle operation***
- ***Comfortable Mouse shape***
- ***Quiet full-travel keyswitch action***
- ***Excellent tactile feedback***
- ***Full-size layout***
- ***Small footprint design***

note: actual package may vary.

Wireless

*Infrared Keyboard & Mouse Combo
Model FKB8775 Series*

The Wireless Series Keyboard is based on the proven FKB8725 Series Value Keyboard design. The Mouse is the newest design in the FID660 Series ValueMouse product line. The Mouse provides a solid, comfortable feel for precise navigation and ease of use.

“...no more cables on your desktop...”

Both products bring you renowned Fujitsu quality and reliability.
